

Learning More: Frontend Development

Activity Directions

Estimated time: 30 minutes

One of the goals of this course is to introduce you to many of the different career options available in Web Design and Development. The first we will learn about is that of Frontend Developer.

Watch this introduction to this career by Treehouse. It introduces the type of work you would be doing, along with the skills you would need to succeed. It will also review many of the concepts we have already been learning in the course.
