# W05 Introduction

To-Do Date: May 20 at 10:59pm

Overview

- **Tasks:** During this week we will continue using CSS to improve the styling of our site. Font properties and the box model will be introduced. Remember that CSS is less forgiving than HTML about errors.
- **Purpose:** Increase your CSS and HTML skills to begin creating our website.

Objectives

- Improve mastery of basic CSS: learn how to change fonts and add padding, borders, and margin.
- Finalize topic for personal site and prepare a personal website proposal.
